

SAFETY SOLUTIONS

# Safety Staffing Services

## EXPERT SOLUTIONS

**Our Safety Staffing Program** has a unique solution that takes the guesswork out of delivering high-quality safety leaders to manage your projects and subcontractors.

An arduous screening process is required for all of our Safety Professional candidates, including certification verifications, reference checks, safety testing, and an extensive pre-interview process.

Once we are confident that we have found a safety professional that will fit your needs, we complete a seamless orientation process.

## INDUSTRIES

- > Construction
- > Manufacturing
- > Data Centers
- > Solar/Wind
- > Oil & Gas
- > General Industry

## BENEFITS

- > Custom Schedule
- > Flexible Commitment
- > Ability to staff nationwide
- > "Rent to Own" option to retain the resource full time
