

THIRD-PARTY ADMINISTRATION

Property

YOUR TRUSTED PARTNER

Charles Taylor provides tailored Third-Party Administration (TPA) solutions for commercial and residential property losses, leveraging industry expertise, streamlined processes, and a client focused approach to drive scalable, results driven claims management. With extensive experience, our team of adjusters covers all property exposures, assisting carriers, self-insureds, and public entities in protecting their brand and business.

BENEFITS

- Faster claim resolutions with seamless FNOL processing.
- Greater financial oversight with secure treasury management and payments.
- Fewer delays and lower costs with expert claims adjusting.
- Timely communication with analytic reporting and actionable insights.

COVERAGE

Homeowners Property

- Administration of residential property claims including fire, water, weather, theft, and total loss.
- Focus on timely triage and streamlined resolution.

Commercial Property

- Claims for property damage, business interruption, and loss of use.
- Support for complex exposures and financial recovery strategies.

COVERAGE

Catastrophic Loss

- Large scale property claims related to hurricanes, wildfires, earthquakes, and other disasters.
- Coordination of CAT claim intake, triage, and administration for faster resolutions.

Construction Defect

- Evaluation of claims related to construction issues and repairs.
- Final damage assessments for accurate claim resolution.

Construction & Engineering

- Construction, erection all risks, and liability claims expertise.
- Managing business interruption and delay in start-up claims.

Builder's Risk

- Claims administration for construction defects, structural damages, and project delays.
- Property claims support across commercial, residential, hospitality, education, and healthcare projects.

With over 140 years of experience and 5,000 clients nationwide, Charles Taylor is your industry leading, trusted partner.
