

CLAIMS SOLUTIONS

# Auto Liability

## YOUR TRUSTED PARTNER

Charles Taylor provides tailored claims solutions for auto liability exposures. Our adjusters and claim management professionals handle a broad range of auto liability claims, from bodily injury and property damage to subrogation and litigation support. With extensive experience, we manage all types and severities of auto-related exposures, from large, complex losses to long-term custom programs, helping businesses reduce costs, mitigate risks, and protect their brand.

## BENEFITS

- Rapid claim initiation and resolution through seamless First Notice of Loss (FNOL).
- Reduced financial exposure via expert loss adjusting and liability management.
- Cost savings through efficient subrogation and recovery services.
- Enhanced fraud prevention with proactive risk management strategies.
- Regulatory compliance across state and federal auto liability laws.

# SOLUTIONS

## Commercial & Personal Auto Liability

- Handling bodily injury, property damage, and uninsured motorist claims.
- Supporting corporate fleets, rideshare providers, and personal vehicle claims.

## Trucking & Transportation

- Managing claims for trucking companies, logistics providers, and freight carriers.
- Support for cargo damage, accident liability, and compliance requirements.

## Public Entities & Municipal Fleets

- Risk management and claims support for government and public transit fleets.
- Coordination with self-insured programs and commercial carriers.

## Auto Subrogation & Recovery

- Dedicated subrogation team maximizing recovery efforts and minimizing losses.
- Liability assessment and negotiation strategies for financial protection.
